

2,000,000 SHELLS HURLED IN GREAT BATTLE IN FRANCE

No Let-Up Anywhere on the Fifteenth Day of Artillery Fighting.

GAINS NEAR SOUCHEZ.

German Works Are Reported Wrecked at Several Points in Lorraine.

PARIS, Sept. 12.—Two million shells have been hurled across the Franco-Flemish battle front in the greatest artillery battle, according to estimates made here to-day.

The rain of shells continues with no indication of any cessation. On Sunday, the fifteenth day of the bombardment, the action was of extreme violence on nearly every sector of the battle front.

French batteries poured a heavy fire upon the German works in Lorraine, wrecking enemy positions near Embervill, Leintrey and Ancerville. Near Armancourt, Beuvraignes and on the plateau of Nouvion and Quenneville, the roar of guns continued throughout the day, the Germans replying energetically.

Between Bethune and Arras there were hand grenade combats throughout last night. The French repulsed German attacks north of Souchez with severe losses for the enemy.

This afternoon's communique reported mine combats along the Somme and near Fay. It reads as follows: "Several hand grenade combats were reported during the night near the Bethune-Arras road and an enemy attack was easily repulsed to the north of the Souchez Station. At the same time there was artillery activity on both sides.

The mine fighting proceeded continuously and stubbornly to the south of the Somme before Fay. There was violent bombardment in the sectors of Armancourt and Beuvraignes, as well as on the plateau of Quenneville and Nouvion. Intermittent cannonading took place in the Champagne and the Argonne.

"On the Lorraine front our batteries directed an efficacious fire on the German trenches and organizations in the neighborhood of Embervill, Leintrey and Ancerville. Enemy groups which left their trenches and advanced up to our wire entanglements were dispersed by our infantry fire."

FIFTH ZEPPELIN RAID SINCE LAST TUESDAY

Dirigible Flew Over East Coast of England Last Night, but Did No Damage.

LONDON, Sept. 12.—Another Zeppelin raid was made over the east coast of England last night. There were no casualties.

This is the fifth Zeppelin raid on England since last Tuesday night. Zeppelins bombarded London on Tuesday and Wednesday nights and made another attack Wednesday night on Norwich and Middlesbrough. North-east England, these raids resulting in the loss of thirty-seven lives and the wounding of more than one hundred persons.

The German airships attacked the "east coast" of England again Saturday night, but an official statement from the Press Bureau yesterday said there were no casualties.

Henry Ford Did It

He specialized and is successful. So are we! Maximum production at minimum cost is our policy. One low standard price for high-standard men's tailoring is our motto.

For 15 years we've been expert tailors of good garments selling up to \$45. Our tailors—our method of buying and selling has been completely revolutionized.

Where we made 20 suits a day—now we make 60—on strictly cash basis.

BATTLE ON DVINA SWINGS IN FAVOR OF GERMAN TROOPS

Russians Have Been Dislodged on Left Bank of River and Riga Is in Peril.

MACKENSEN SWEEPS ON.

Makes Progress on a Wide Front Toward Pinsk, Says Berlin.

BERLIN, Sept. 12 (via London).—The battle along the Dvina River, which has been virtually in a state of deadlock for several days, has swung in favor of the Germans. The War Office announced to-day that the Russians had been ejected from several positions on the left bank of the river. This battle probably will decide the fate of Riga.

Field Marshal Mackensen has broken the enemy's resistance on a wide front, said an official statement from the War Office this afternoon. "We have made further progress toward Pinsk."

PETROGRAD, Sept. 12.—The Germans are now concentrating their efforts in a march against Dvinsk, the keystone of the outer defense of Petrograd.

Three armies are advancing upon Dvinsk, two moving in from the west and a third fighting its way along the road from Vilkomir, leading into the city from the southwest. The renewal of the Teuton effort to reach Petrograd before the winter now overshadows interest in the campaign in the southeast, where Gen. Ivanoff continues to bend back the Austrian flank.

Heavy artillery is being hauled over the road from Vilkomir for the assault on the Russian defenses before Dvinsk. It is realized here that the fall of that position and the crossing of the Dvina at that point would menace the capital, but every confidence is felt in the ability of Gen. Ruzsky, commanding the Slav armies on the Dvina front.

North of Vilna, another German army is approaching the Vilna-Dvinsk-Petrograd Railway. The German advance on Vilna itself is being held up by Russian counter attacks.

The Germans are planning permanent occupation of Russian Courland. A railway has been built from the German port of Memel to Libau, linking the Prussian railway system. German laborers are improving the harbor at Mitau. Russian signs in all Courland villages held by the Teutons are being replaced by those in German language.

At Libau the Germans have established four factories, where night and day shifts are turning out 300,000 shells weekly.

LONDON, Sept. 12.—The Austro-German armies on the Eastern front, still striving for definite results, are making progress everywhere except along the Galician frontier, where the Russians report a further success.

In the north, where the Russian line has been strengthened by a withdrawal of forces, Field Marshal von Hindenburg is directing a violent drive toward Dvinsk and a crossing of the Dvina.

In the centre Crown Prince Leopold has forced his way over the Zelivanka and is attacking in the vicinity of Sidel.

In the South Field Marshal von Mackensen, on both sides of the Pinsk Railroad, is pressing eastward toward the town.

SPIES ANNOYING BANKERS WHO ARE SEEKING BIG LOAN

(Continued from First Page.)

be drawn on New York instead of in London.

James J. Hill, empire builder of the northwest and foremost champion of agricultural supremacy, is due to arrive in New York to-day to impress on financiers the necessity of arranging credits so that the great crops may be marketed.

"In the interests of this country," said Mr. Hill, en route, "no time should be lost in establishing an European credit account for the marketing of the surplus food product of the United States. A careful estimate shows that the total requirements of the continent of Europe for the coming year will be about \$50,000,000 bushels of wheat.

"The United States will have not less than \$75,000,000 bushels to sell of its big crop. Canada will have for export 175,000,000 bushels and Argentina 100,000,000 bushels. The lowest estimate of the total marketable supply from the western hemisphere will be \$50,000,000 bushels, or 100,000,000 bushels in excess of the total demand."

"It is most essential to the prosperity of our people that our wheat should get to the market and find a purchaser. Establishment of a large credit account for Great Britain to be drawn against for purchase of food-stuffs is of far more importance to the United States than to England. It is not too much to say that on this the prosperity of the American farmer depends."

FOR LUSITANIA MEMORIAL.

Proposal to Erect Obelisk as Old Head of Kinsale.

LONDON, Sept. 12.—Erection of a lofty white obelisk, visible miles at sea, on the Old Head of Kinsale to commemorate the Lusitania, sinking is being planned by relatives of Lusitania victims here.

Persons in America, France and Russia will be asked to contribute.

POSAM BEST FOR SUNBURN AND REDNESS

Posam does wonders in clearing complexion overnight; soothes inflamed skin; relieves Sunburn, Itchy Poisoning, Mosquito-Bites, taking out all soreness. The same positive healing power by which Posam eradicates worst cases of stubborn Eczema will serve you, if you will but employ it, to be rid of any affection or disordered condition of the skin. Minor troubles require few applications. Pimples quickly go.

Posam Soap is the absolutely safe soap for tender, sensitive skin—a daily dressing for Toilet and Bath.

For samples, send 4c stamps to Emergency Laboratories, 28 West 25th St., New York City. Sold by all Druggists.—Adv.

CANNOT PREDICT COURSE OF AFFAIRS, SAYS WILSON

"Hoping and Praying for Skies to Clear," He Tells Visitors in Talk on International Situation.

WASHINGTON, Sept. 12.—President Wilson expressed his view of the gravity of the international situation which confronts the United States to a delegation of Virginians, who asked him to-day to visit the Manassas battlefield late this month.

"We are all hoping and praying that the skies may clear," said the President, but we have no control over that on this side and it is impossible to predict any part of the course of affairs."

The President was reminded that some time ago he had promised to go to Manassas to dedicate a tablet.

"When I made that promise," the President told the delegation, "things were just beginning, and a great many things have happened since which have altered not only the aspect of our own affairs but the aspect of affairs of the world. My experience here day by day is that questions turn up so suddenly and have to be handled so promptly, and sometimes with so much thoughtful discretion, that I really dare not let my thoughts go out to other matters. I simply feel that I have forfeited my liberty for the present, and that my nearest duty is the most obvious and imperative."

MONTREAL ENTRIES.

DORVAL PARK, MONTREAL, Canada, Sept. 12.—The entries for to-morrow's races are as follows:

FIRST RACE—Purse \$400; all ages; for Maid, one foaled in Canada; maiden stakes; five and a half furlongs.—(a) Kama, 90; (b) Wishing Well, 90; (c) Lancer, 90; (d) Volant, 107; (e) Silver Star, 114; (f) Volant, 107;
